Lid Size	: 242x242mm
Capacity	: 4 standard outlets (2 double power & 2 data)
Lid Material	: Moulded polyamide
Colour	: Grey
Carpet rebate	: 8mm deep
Box Size	: 242x230x110mm
Recess Size	: 262x250x120mm

# FFOB-568 POLYAMIDE FLOOR BOX

## Benefits

Generous outlet capacity and a neatly balanced square shape.

Holds two standard double power outlets and two data/voice plates (Max 6 gang).

The load tested\* moulded polyamide lid and frame measures 242x242mm.

A robust cable outlet flap allows cords to safely exit the box with the lid closed and incorporates a neoprene dustguard and a strong and fully retractable stainless steel handle.

## Installation Features

The lid is supplied with an 8mm rebate for carpet or vinyl floor covering to infill.

An optional colour matching lid rebate infill is also available featuring an attractive tread pattern. This should be used where thick floor coverings such as timber or stone are being installed.

Outlets are mounted on an angle within the box to minimise dust accumulation and to allow plugs to be inserted and withdrawn with ease.

The lid is reversible to accommodate changes in room layout and is designed to gravity close.

## Colours

Standard colour is Grey (RAL 7011 Iron Grey) with brown, beige and black available to order. (Minimum quantities, manufacturing lead times and extra charges may apply).

\*VDE 0634 "Ducting and trunking and their accessories for underfloor electrical installations".

VDE is the Association for Electrical, Electronic and Information Technologies (Germany).
